Why it is very important to do an accurate course selections/registration:

- ▶ Courses selected by students has a **huge** impact on whether a course is offered and if a course is offered, how many sections (how many blocks have that course). ** REMEMBER: NOT EVERY COURSE IS OFFERED IN EACH BLOCK!*
- ▶ The school's Master Schedule is different each year because it is built depending on the choices of all students.
- ▶ It is **the student's** responsibility to ensure courses they have chosen meet the graduation requirements.
- ▶ Course choices can help with acceptance into programs or with employment after high school.
- ▶ Courses can provide necessary skills for employment while you may continue with schooling.
- ▶ Course choices in Grade 11 and 12 can impact scholarship opportunities. Students need to understand criteria expected, as well as post-secondary entrance requirements.

What is the IB Diploma?

- The International Baccalaureate (IB) Diploma Program is a challenging two-year high school curriculum offered in high schools around the world.
- It leads to a qualification for acceptance, credit and scholarships that is widely recognized by the world's leading universities.
- IB Diploma students take courses in **six** areas in grades 11 and 12.

More information:

- <https://sites.google.com/cloud.edu.pe.ca/ibatcolonelgray>
- Talk to a former IB student or parent.
- Contact a future university. What is their IB policy?
- Talk to IB teachers and the IB coordinator
- Do some **research** online
- Student Information session for current grade 10's interested in IB on Wednesday, March 13th, 2024 at lunchtime in Room 210
- Interested students will need to complete an application form available on the IB website and participate in an “on demand” piece of writing in Room 210 after school on Wednesday, April 3rd, 2024.

TRANSITIONS COURSE (TRA602Y):

Transitions is a career exploratory course offered at Holland College. Students who register for this and are selected, will attend Holland College on a **half-day basis each morning of second semester**.

There will be 10–14 half-days in each area, which may include:

- Business Administration
- Community Health
- Information Technology
- Trades and Technology
- Culinary and Tourism

A program mentor supports our Colonel Gray students and in each area, students will complete and present a **project**.

This course comes with added responsibilities and each student must adhere to the Code of Conduct expected of Holland College students, especially for attendance. Finally, students must provide their own transportation to and from Holland College.

If you are interested and/or have more questions please see Mr. Vidito at school (Room 117) or email him at revidito@edu.pe.ca

CO-OP (CWS 502A/CWS 602A):

CWS502A and CWS602A – Cooperative Work Study

This is a course that provides students the opportunity to explore a work place setting before the end of their high school career.

After a brief in-school preparatory component where students seek out placement opportunities, they spend the remainder of the semester with half-days on the job placement.

Some examples of placements include:

- Social Media and Marketing
- Real Estate Office
- Construction industry
- Automotive industry
- Early Childhood Education Centre
- Retail
- Restaurant and Culinary
- Long term care (senior's) facilities

If you are interested and/or have more questions please see Mr. Petrie at the Main Office.

Attention to these course registration requirements:

All courses require good attendance. IF you are considering CO-OP (CWS501A or CWS601A), Peer Helping (PHP501A, PHP601A) or Transitions (TRA602Y) other people rely on you and the attendance is even more important!

If you are interested in a resource class, a teacher needs to recommend you! (RES401A/501A/601A)

If you intend on continuing from the Pre-IB courses in Grade 10 to the IB programme, there is an application procedure (It is not guaranteed that you are accepted just because you were in IB prep courses). Other Grade 10 students may also apply.

You must:

- Fill out the Google Form on the IB website.*
- Attend the on-demand Writing Task. Date will be given on the IB website.*

CHECK:

- ▶ Check prerequisites in the course handbook online or ask your homeroom teacher or subject teacher.
- ▶ Register in courses at the appropriate level. You want to challenge yourself and still have success!
- ▶ Include 2 alternate courses on your submission, in case of a scheduling conflict. Choose something you want to take as changes may not be possible.
- ▶ RES401A, RES501A and RES601A are for those recommended by teachers.
- ▶ Grade 12 students, if they have enough credits, may take a **study block** preferably in second semester.

- ▶ Grade 10 & 11 students are not able to take a **Study** block.
- ▶ **Summer school:** There are a limited number of courses offered. (Department of Education sends information to us in May. Classes are full mornings for 6 weeks.)
- ▶ **External Credits** are possible! See the procedure on our website for earning these credits from outside agencies like Cadets, RCM, Dance Academy and many more.

ARE YOU PLANNING FOR COLLEGE OR UNIVERSITY?

Do your research and see Guidance Counsellors at Students Services with questions about requirements. (For example, Universities require students to have at least five 621/611 courses, but there are different criteria.

PLEASE NOTE: these minimum requirements & compulsory courses do not ensure your acceptance into post-secondary programs.

Do your research!

Student Registration Responsibilities:

Your role

- ▶ Check the Colonel Gray Website under Learning Resources/Registration.
- ▶ Ask for help if you need it from your Home Room Teacher, Student Services for selections & how to use MyBlueprint.
- ▶ Submit your course selections using MyBlueprint by the given deadline.

ASK QUESTIONS:

- ▶ If you have **course specific** questions (ie Math, Science, Art etc.), check with those subject teachers as they know the courses best.
 - Check with your current teachers as they know your abilities in that area.
- ▶ You may also reach out to any of the people in your **“Pod”** (Vice-Principal, Resource Teacher, Counsellor and Youth Worker).
- ▶ Any of the three **Counsellors** at Student Services can help you with specific questions relating to courses and post-secondary planning.
